

Parameter

Model	YC-1800X	
Print head	Printing method	XP600 head
	Qty	1pc XP600
	Nozzles qty	180 nozzles/line*8lines
	Print resolution	Max. 1440dpi
Speed	3pass	Unique four kinds of model selection,±15-18sqm/h
	4pass	Unique four kinds of model selection,±12-15sqm/h
	6pass	Unique four kinds of model selection,±10-12sqm/h
	8pass	Unique four kinds of model selection,±8-10sqm/h
Drying	Heating drying	Standard heat front and back
	Blow dry	Air drying standard
Medium	Medium size	1600mm/1800mm
	Media type	Water-based highlights photo paper,PP,Light sheet, Canvas for painting,Heat sublimation paper and close Outdoor single through,Car stickers
	Transmission medium	Automatic damping feed cloth system,microcomputer control automatic collection paper standard

Ink type	Eco solvent ink, water-based ink
Ink supply system	Continuous high-capacity ink system, each color can spare 500 ml
Feather way	Panel can be adjusted randomly feather, The unique image and color piece selection
Nozzle cleaning	Sliding type automatic cleaning and scraping system
Printing interface	USB high speed data transmission and unique break point continually printing
Work environment	Temp 18-29°C, Humidity 50-80%Rh
Power supply	Rated power:50Hz, Rated voltage:AC110V/220V
Print software	Photo print, Maintop
Packing size	2850*755*580mm
Machine weight	185kg
